CREATIVE EXPERIENCE

Creative Branding & Content Projects, Boopathi Spices, Theni

May 2025 – Aug 2025

- Designed packaging concepts to improve product presentation and brand identity.
- Collaborated with stakeholders on product labeling and visual communication.
- Supported promotional content and marketing-related design activities.

Sales, Procurement & Logistics Intern, Lisha Traders, Theni

Apr 2021 – Jun 2021

- Developed packaging concepts aligned with product branding.
- Worked with business stakeholders to enhance product presentation.

COLLEGE DANCE TEAM | CREATIVE MEDIA & VIDEO EDITOR

- Produced and edited stage performance videos and synchronized music tracks.
- Designed LED backdrop videos and synchronized visual content for live performances.
- Collaborated with choreographers and performers to create engaging stage experiences.
- Worked as a back dancer while contributing to the team's creative production

CREATIVE PRODUCTION EXPERIENCE

- Volunteered in independent short-film productions.
- Assisted with costume design, production coordination, and DOP support during filming.
- Worked collaboratively with creative teams in fast-paced production environments.

INDEPENDENT CREATIVE PROJECTS

- Designed the "KEITH MARBO" dance team logo and branding assets used for team identity and promotional materials.
- Created the "OG 5" logo concept using AI-assisted design techniques, integrating typography and symbolic elements into a cohesive visual identity.
- Produced AI-generated posters, artwork, and promotional visuals for creative and personal projects using generative AI platforms.
- Applied AI tools to rapidly generate, refine, and enhance visual concepts for branding, storytelling, and digital content creation.

PROJECTS & PUBLICATIONS

Pre-Promotional Strategies and Audience Impact – LEO Movie Campaign | Mar 2023 – Apr 2024

- Conducted audience research and designed a structured survey to evaluate pre-launch marketing strategies and promotional effectiveness.
- Analyzed consumer engagement across digital, social media, and traditional marketing channels to identify key drivers of audience recall and interest.
- Presented actionable recommendations on content strategy and promotional channel optimization to improve campaign reach and engagement.
- Developed insights into audience behavior, brand communication, and campaign effectiveness through data-driven analysis.

A Data-Driven Approach to Small Business Sales Forecasting Using Python (Published Paper)

- Built a Python-based sales forecasting model for small businesses using historical sales data; applied time-series and regression-based techniques to improve demand visibility and forecasting accuracy.
- Translated model outputs into actionable insights for inventory and sales planning, demonstrating measurable improvement in predictive decision-making for small-business environments.

AI-BASED CREATIVE DESIGN PORTFOLIO

Portfolio includes: AI-generated artwork, Logo Design, Brand Identity Concepts, Packaging Design, Promotional Visuals, Dance Event Backdrop Videos
